

BUY LIBERTY BONDS!

Buy them in the busy Triangle

DON'T WAIT! *Right now* your subscription is most needed—will count the most. Now, while talk of peace is in the air, and many are misled in feeling that the government may not need their money after all. Three million of our men are serving Uncle Sam, whatever happens, he will need every dollar of the six billion dollar loan before the war is ended, and probably billions more.

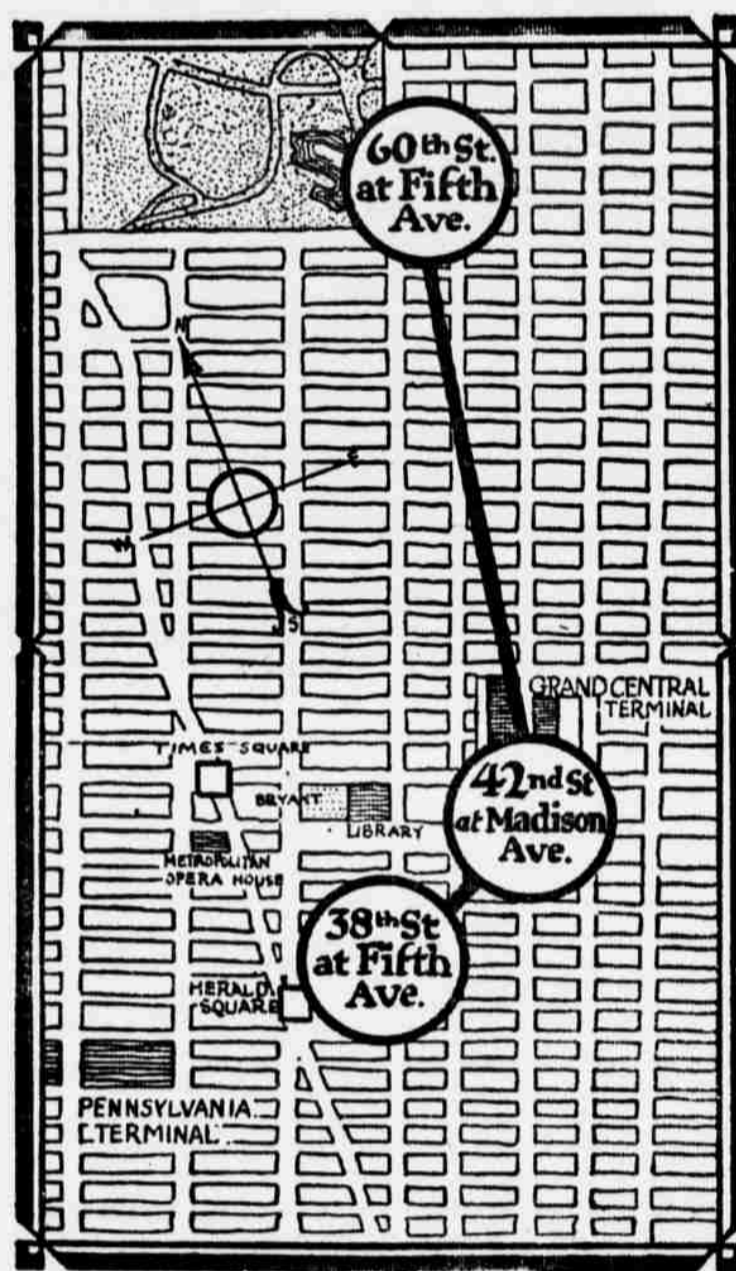

NOW is the time to buy your Bonds—TODAY!

NOW is the time to put into our soldiers' hearts, and those of our allies, a lasting confidence that we at home *will not fail them*—that we will "carry on" until the end—until they can deliver the knockout blow.

Now is the time to strike dismay into the hearts of Prussia's arrogant war lords; to show them that they *cannot win*, because our people are united against them, one hundred million strong.

BUY LIBERTY BONDS!

WE'LL HELP YOU DO IT! We'll give you every aid the law allows. *Come in!*—we'll put aside all other matters to sell you Liberty Bonds.
